

# STABLE ROBE

## Supplementary Instructions

## PARTS CHECK LIST

Code	Part	Qty
J	Filler Post	1
K	Blanking Panel	1
L	Corner Post	1
M	Universal Stable Door	1

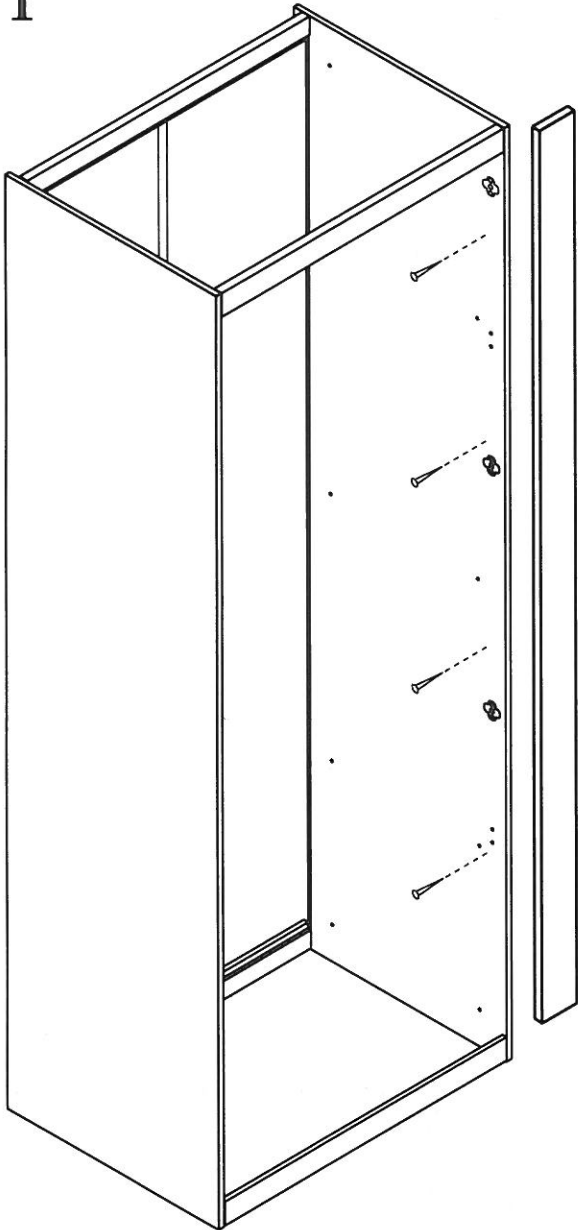

### IMPORTANT

Before you begin, take a little time to familiarise yourself with these instructions and unpack the components carefully. Keep all the packaging until you have identified all the components and panels.

# Preparation

Decide on which side the Stable Door/Corner arrangement is to go.  
Prepare the Universal End Panels as per the main Robe instructions. Note that only the top three hinge plates are fitted to each side panel.

1

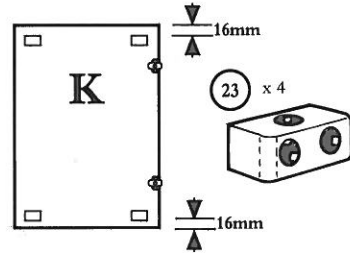

Fit the Filler Post to the End Panel by screwing through the End Panel.

# Assembly

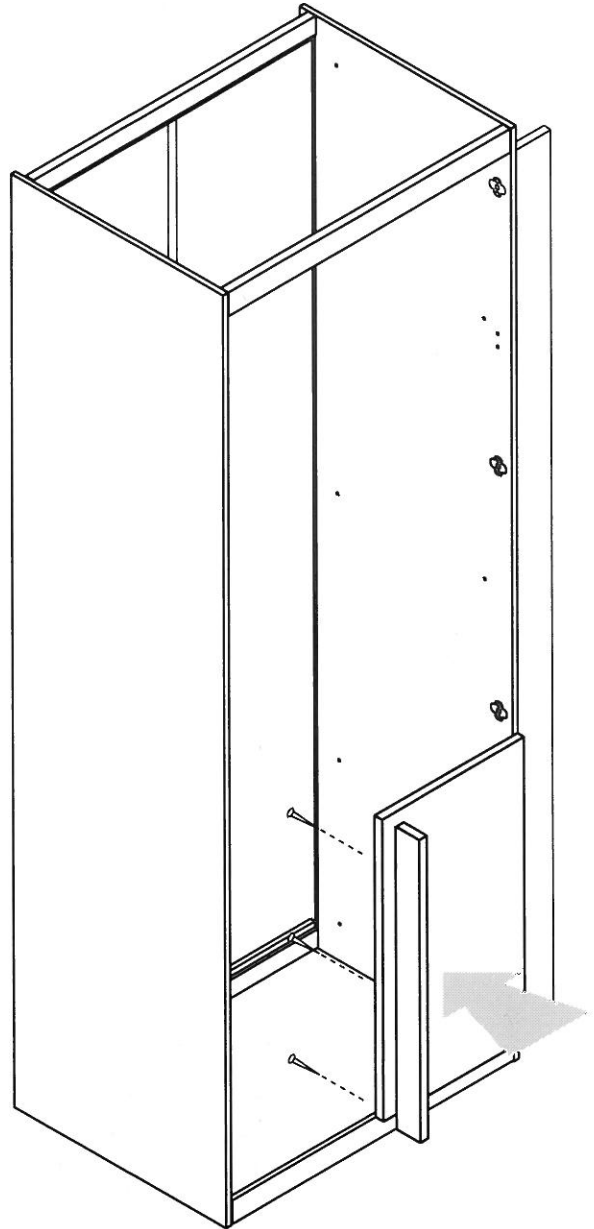

Assemble the Robe Unit as per the main Robe instructions 1 to 6.  
Then Follow the steps given below.

2

Prepare Blanking Panel as shown, then fit to Robe Unit.

3

# Hinges

Follow the Hinges section of the main Robe Instructions.  
Note that only 3 Hinges are fitted to each Universal Stable Door.
